The Leader is a member of the Associated Press and receives the day telegraph report of that great news organization for exclusive afternoon publication in Guthrie and 30 miles radius.

W. & K. S. Business, 75; Editorial, 69.  
 Ark. Valley, Business, 75; Editorial, 69.

SATURDAY, SEPTEMBER 12, 1903.

## THANKS.

The Leader management desire to thank Messrs. Greer, Winton and Dorr of the State Capital for courtesies extended during our misfortune. Also, thanks are due to Mr. Kirkland of the Senate and Mr. Booth of the House.

## KIND WORDS.

The Leader plant had a close call from being totally destroyed by fire this morning. As it is the loss is severe, and it will require several weeks' work to place the plant in normal phase. The undersigned takes this opportunity to thank the many friends who have extended kindnesses and proffered services. The kindness is, indeed, appreciated.

Very truly,  
 L. G. NIBLACK.

## A GREAT RECORD.

Hard to Duplicate it in Guthrie. Scores of representative citizens of Guthrie are testifying on the following subject. Such a record of local endorsement is unequalled in modern times. This public statement made by a citizen is but one of the many that have preceded it and the hundreds that will follow. Read it:

H. C. Diehl, who recently lived at 111 1st St., writes: "When a man has exhausted all his knowledge of standard remedies and medicines, when he has tried everything which his friends recommended and still his back aches, and when this has been going on for five or six years, it is no wonder he becomes enthusiastic about the means he at last employs to get relief. I went to J. N. Wallace's drug store for Doan's Kidney Pills. The treatment cured me and cured not only a lame and aching back but too frequent action of the kidney secretions. To say that I am pleased to endorse Doan's Kidney Pills feels like expressing my opinion of the remedy."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

## Logan County High School.

All pupils in the city and country who expect to attend the county high school during the fall term are requested to report to the Central school building either Friday or Saturday, September 11th or 12th, for enrollment and assignment of work.

We have catalogues and courses of study which we will be pleased to have in the hands of every pupil who will attend this school. Come to our office over the Guthrie National bank and get one.

We have a few young men and women who would like to work for board and lodging and attend school. Let us know if you wish one.

Respectfully,

W. S. Calvert,  
 Principal.

This celebrated medicine has now been before the public for 50 years bringing good health to thousands of persons who suffered from Loss of Appetite, Sour Stomach, Bloating, Indigestion, Dyspepsia or Malaria, Fever and Ague. It will do the same for you, too, if you will only try it.

## LOCAL POINTS.

Charles Griewold, lately appointed to be a commissioner of Logan county by Governor Ferguson, is a Dennis Flynn rustic. The Republican factionists in Logan county figure that his appointment came as a counterbalance to the appointment of Fred L. Wenner, a Barnes supporter to be secretary of the school land board.

In expressing regret at not being able to speak at Oklahoma City on Labor day, Governor Ferguson wrote this to Ned J. Milton of Oklahoma City: "My sympathies are with the laboring men of our country. I believe in thorough organization to protect the interests of labor. Every commercial interest in our nation is organized, and it behooves every citizen who depends upon his labor for support to be identified with an organization, the aim of which is to promote the general interests of the laboring man. Labor is the basis of all our national enterprises. Nine-tenths of the price of every product in the United States represents just that much labor, and there is not an article used in this country that does not owe nine-tenths of its value to the labor required in its production."

Four reports were made to Thomas Morris, secretary of the live stock sanitary board, by Dr. A. W. Sanders, territorial veterinarian, regarding the existence of glanders among horses in the southwestern part of the territory. It appears difficult to eradicate the disease. The department has struggled hard to overcome it. Animals are killed everywhere, when it appears without any question that this is the nature of the affliction. But still sporadic cases continue to appear, and the authorities keep busy combating it in the best way they find.

Right Rev. John Metter, pastor of St. Joseph's Catholic church, Norman, recently celebrated his thirty-third anniversary, eight or ten of the Catholic fathers from over the territory assisting in the celebration.

**A New Jersey Editor's Testimonial.**  
 M. T. Lynch, Editor of the Philadelphia N. J. Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I can not say too much in praise for it."

J. N. Wallace.

## Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar and my lungs are now as sound as a bell. I recommend it in advanced stages of lung trouble."

J. N. Wallace.

An End thresher has threshed 50,000 bushels of wheat in Garfield county, it claims that he has made scarcely more than a good start.

## A MAN'S NECKTIE.

**What the Manner of Its Arrangement Tells to One Woman.**

"I wouldn't attempt to judge a man by his coat," she said gravely, "but I would not hesitate two minutes to judge him by his necktie. It is an almost infallible guide. Of course there are exceptions, but the character and intellect of most men can be told by the way in which they tie their ties. Now, take the overclever man, for example."

"The tie of the genius has afforded much 'copy' for the pen of the satirist and the pencil of the caricaturist, but in reality any little peculiarity or idiosyncrasy in dressing is generally the outward and visible sign of vanity rather than of personal untidiness. The average man, with an ordinary share of intellect, seldom knows how to tie a tie as it can be tied and is tied by men with no intellect at all. He may possess a charming selection of the best ties which Broadway can supply and does not in the least look eccentric—nay, rather, he often wants to be as smart in appearance as possible, but somehow he rarely achieves his object."

Directly you see a really beautifully tied tie (except in the cases of military men and actors, with whom it is a part of the training) which never moves out of place, following faithfully the little idiosyncrasies of contemporary dandyism, you may be fairly certain that you are not face to face with an undiscovered Shakespeare or an embryonic Goethe. Of course, in the case of a rich and important personage, the lesser details of the toilet are usually left to the valet, but even then I defy a man of real brains to keep his tie at the exact angle for any considerable time. At dinner you will generally find that by the time the soup has arrived the evening tie has shifted its position or become obliquely set. This could probably be easily avoided, only it happens that the way in which a man wears his tie indicates pretty accurately

## I SAVE WEAK MEN.

I have Discovered the Marvelous Secret of Perpetual Youth and Undying Manly Vigor and I Give it to You Free.

My Mysterious Compound Startles the World With Its Wonderful Cures

—With This Marvelous Secret No Man Can Grow Old and It is My Mission on Earth Henceforth to Bring Jaded, Worn-Out Men to This Fountain of Youth.

Send No Money—Simply Send Your Name and This Marvelous Compound Will Be Sent You By Return Mail, Prepaid and Absolutely Free.

I have discovered the marvelous secret of perpetual life and vigor in men. To me it has been given to bring to the fallen, weary, worn out brothers the knowledge of this priceless boon, and even to the uttermost ends of the earth I send my message of love and peace and hope and help. Unbelievers may scoff and cry "fake" but I heed them not. My work has just begun and I am saving men.

The secret of this mighty healing power, this vital life spark, this mar-

"No man is Lost—There is a Sure Cure for Every Weak Man."—Dr. Ferris, elous tonic fluid is known to me alone. It is mine to give to whom I will and my works go before me. Doubt not! I ask no man to believe me but I give to every weak man free this priceless boon and it restores him instantly to the strength and powerful vigor of youth. With this marvelous, mysterious compound, which I have discovered only after a life time devoted to search through all the realms of science, and the archives of the ancients, it is possible for every weak man to have for his own the glorious manly power, the untiring vigor and the long life of the patriarchs of Bible times. With this mysterious compound, no weak man will ever again be troubled with impotency, vital losses, nightly emissions, spermatorrhea, varicocele, premature, defective power or lack of vital energy.

Send me no money. It is my duty, guided by an Unseen Hand—it is my mission on earth—my life work—to lift up the fallen, heal the weak and cure the maimed or undeveloped; and to every man who has lost his vital power or finds it waning, I send my message of love and peace and health. I can save him and I will save him and restore him to many years of happiness and the impetuous vitality and vigorous manhood of perfect health and youth.

Remember, it matters not how old you are; it matters not how you lost your manhood, or when you lost it. It matters not what doctors or scoffers say. This is no ordinary drug or stimulating method of treatment, but it is the vital spark of life itself, and it matters not how many remedies and doctors have failed, I have repeatedly and instantly renewed the youth of old men. My secret compound never fails. I have often instilled into jaded men new vitality, health and strength. For worn-out men I have oft kindled, in an instant, and to stay, the sparkling vitality of youth. My private address is Dr. C. Sargent Ferris, 95 Strawn buildings, Cleveland, Ohio, and I urge every weak man to come to me for I will give him undying strength, the supreme joy and happiness of perfect manliness. My wonderful discovery has startled the world by its miraculous effects, yet I seek not fame nor glory. It suffices me if I may be the humble instrument of Nature's greatest power in bringing all men into the enjoyment of their true manliness and I do it free. In all the time allotted to me here on earth I shall do all that in my power lies to give my fellow men the benefit of this great secret and my reward shall be in the knowledge that I have done unto others as I would that others should do unto me.
